Password guessing (abbr. PG-ing and/or variants thereof) is a form of security hacking involving the process of stealing passwords from data that has been stored in or transmitted by a computer system. A common approach is to try guesses repeatedly for the password and check them against an available cryptographic hash of the password, which is known as brute-forcing. Motives toward password ...

This wider range of interaction is supported by more vehicle types, which was inevitable for a sequel, including dirt bikes which should be great fun for urban exploration. Melee combat is updated too with customizable weapons, though early footage of Marcus using a billiard ball attached to a rope is a little silly.
